

Blockout Screen V

This sleek blackout fabric is designed exclusively for internal use. With its smooth matte finish, it brings a modern, elegant touch to any space. The PVC-free acrylic coating ensures total light blockage, providing complete privacy and a calm atmosphere. Its fade-resistant, dirt-repellent surface stays fresh looking over time.

Fastness	Level 6 (ISO 105-B02:2014)
Visibility	Blackout
Width	3000mm
Weight	400g/m ²
Thickness	0.36mm

Cleaning and Care

Surface dust can easily be removed using a soft cloth or sponge with warm water and a mild detergent. Gently wipe the fabric to maintain its appearance and performance.

Avoid using abrasive cleaning tools, harsh chemicals, solvents, or industrial-based cleaners, as these may damage the surface, affect the fabric's integrity, and reduce its lifespan.

5 years for internal applications

- Important notes:
- Warranties exceeding 5 years are subject to a step-down policy, meaning coverage may reduce over time.
- White fabrics are only covered for up to 5 years against discolouration, due to limited UV stabiliser usage in white dye formulations.
