

Soltis 99

Specifically designed for indoor use, this lightweight screen fabric gently diffuses natural light to reduce glare and enhance visual comfort. It brightens interiors without harsh shadows, creating a soft, inviting atmosphere.

With a smooth, refined finish, it complements modern indoor spaces while built-in solar protection helps regulate interior temperatures and improve energy efficiency. Durable, easy to maintain, and resistant to mold, it offers an ideal balance of style and functionality for residential and commercial indoor environments.

Soltis 99

Fabric Specification

Composition	Vinyl-Coated High-Tenacity Polyester Yarn
Weave	Micro-Perforated Mesh Weave
Visibility	3%
Width	2670mm
Weight	290g/m ²
Thickness	0.32mm

Cleaning and Care

Remove dust and surface dirt regularly with a soft brush, cloth, or by rinsing with clean water. Light, routine cleaning helps preserve both look and performance.

For deeper cleaning, use mild soap with lukewarm water and a soft sponge or cloth. Rinse thoroughly and allow to air dry. Avoid harsh chemicals, solvents, or abrasive tools.

12 years for internal applications

- Important notes:
- Warranties exceeding 5 years are subject to a step-down policy, meaning coverage may reduce over time.
- White fabrics are only covered for up to 5 years against discolouration, due to limited UV stabiliser usage in white dye formulations.
