

Soltis B99/B990

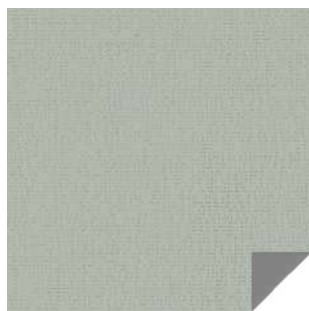

This blackout fabric turns daylight into dusk, creating instant privacy and a deep, restful darkness whenever you need it. Its smart design helps keep rooms cool and comfortable by reducing heat transfer, which also supports better energy efficiency.

Strong yet refined, it's made for indoor spaces where light control matters most, from peaceful bedrooms to focused home offices and cinematic media rooms. For the richest blackout effect, pair it with precision-fit hardware like block-out guides, a bottom bar, pelmet, or cassette.

Weight	B99 - 540g/m ²
	B990 - 650g/m ²
Thickness	B99 - 0.45mm
	B990 - 0.53mm

Cleaning and Care

Remove dust and surface dirt regularly with a soft brush, cloth, or by rinsing with clean water. Light, routine cleaning helps preserve both look and performance.

For deeper cleaning, use mild soap with lukewarm water and a soft sponge or cloth. Rinse thoroughly and allow to air dry. Avoid harsh chemicals, solvents, or abrasive tools.

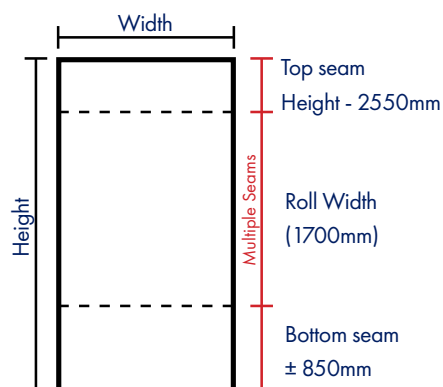

12 years for internal applications

- Important notes:
- Warranties exceeding 5 years are subject to a step-down policy, meaning coverage may reduce over time.
- White fabrics are only covered for up to 5 years against discolouration, due to limited UV stabiliser usage in white dye formulations.

Fabric Specification

The fabric has a limited width, larger panels require multiple seams to join sections together, as illustrated below
