Weave	Micro-Perforated Mesh Weave
Visibility	3-5%
Width	1200mm / 3200mm
Weight	290g/m ²
Thickness	0.64mm

Cleaning and Care

Surface dust can be easily removed using a soft cloth or sponge with warm water and a mild detergent. Gently wipe the fabric to maintain its appearance and performance.

Avoid using abrasive cleaning tools, harsh chemicals, solvents, or industrial-based cleaners, as these may damage the surface, affect the fabric's integrity, and reduce its lifespan.

5 years for external applications

- Important notes:
- Warranties exceeding 5 years are subject to a step-down policy, meaning coverage may reduce over time.
- White fabrics are only covered for up to 5 years against discolouration, due to limited UV stabiliser usage in white dye formulations.
